Call for Registration Preliminary Program

Are you interested in widening awareness about the significance of legal capacity and support in decision making for people with disability? Come to explore how to inform and train in an inclusive way about the importance of Article 12 of the UN Convention on the Rights of Persons with Disabilities! We offer you a great opportunity to spend a day exploring how to achieve it through inclusive training. We will show you what is important to be communicated and what should be done in order to involve all the focus groups.

Plena Inclusión Spain with its partners Fundación Tuya Spain, Quip Czechia, Land of Harmony Foundation Slovakia, Zelda Latvia, LNF Lithuania and Change People UK prepared in frame of an Erasmus+ funded program set of documents and together with their colleagues with disability structured and piloted an inclusive training program about recognition of people with disability before the law and providing support people with disability may require in exercising their legal capacity.

The conference will be inclusive and accessible to all and will provide communication and information support for those who need it. Spanish and English are the official conference languages. For a limited number of participants we provide accommodation for one night incl. breakfast. Attending the conference is for free. Lunch and coffee breaks are provided for free.
